

INTRODUCING

A new exciting interactive e-learning ESOL course “REAL TALK English – The Virtual ESOL classroom”

REAL TALK English

is delivered with real life dialogue, discussions, negotiations and conversations. It has a full range of computer-based activities including listening tasks, text display options, speaking and conversation exercises.

The on-line course consists of a full range of activities that can be accessed at Entry Levels 1, 2 and 3 of the New Adult ESOL Core Curriculum. Each Entry Level has 10 different scenarios to work on. This is a versatile and flexible product intended to complement tutoring support OR used for teaching, revision and practice for students.

REAL TALK English has been written by Chris Armstrong of NWHC and approved by Sian Whiteley, who was recently awarded an MBE for services to adult basic skills. Chris and Sian have many years experience as ESOL tutors.

The 12 month licence allows the user to take the course and associated Assessments as often as required, whenever required and from any Internet connected computer in the world. The built in Learning Management System will track student's progress and produce reports for the student or course administrator showing the modules that have been taken, success, areas of weakness, and current scores. In addition the system records the times that any given student has logged on.

Integrating ESOL into your existing web site or e-learning portfolio.

Colleges wishing to integrate access to our ESOL course through their own web site can simply add our access logo onto their web presence. This means that a student simply has to visit his or her School, College or University web site and enter their login details.
